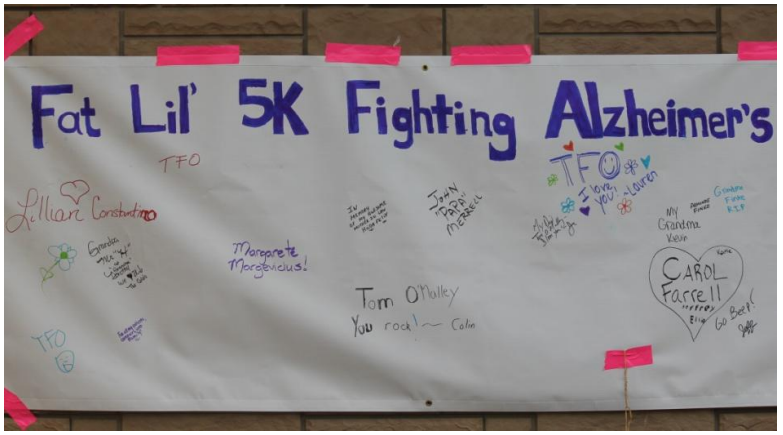
alzheimer's association®

the compassion to care, the leadership to conquer

What is a Third Party event?

Third party events are any fundraising activities solely conducted by an outside group or individual to benefit the Alzheimer's Association.

Last year, Third Party events raised nearly $31,000 on behalf of the Alzheimer's Association Cleveland Area Chapter. Be a part of our success!



How will the Cleveland Area Chapter help?

1. The Alzheimer's Association will post information about your Event on its website and via social media pages (i.e. Facebook/Twitter). ***Please note:*** *Event may be published in the newsletter depending on time restraints and space availability.*

2. All marketing and promotional content created for your Event is subject to review by the Alzheimer's Association.

3. If requested, an Association representative will attend your Event to offer public remarks and thanks and to receive any funds (representation will be based on availability).
